SYN

SYNTHESIS
SYNERGY
SYMBIOSIS

SYN is our idea of **SYNTHETIC NATURE**: ceramics that have had their dignity restored as an **original material**, surfaces as brand-new chemical elements, bonded by **elective affinities** that reinterpret nature from the perspective of design.

Collections designed to be combined, blending symbiotically to give rise to **complex spaces** which, in their most perfect expression, become **synergistic creations**.

SYN è la nostra idea di **NATURA SINTETICA**: ceramica che ha ritrovato la dignità di **materiale originario**, superfici come nuovi elementi chimici, legati da **affinità elettive** che rileggono la natura con le chiavi del **design**.

Collezioni pensate per combinarsi, fondendosi in maniera simbiotica per dare vita a **spazi complessi** che diventano in realtà armoniose **creazioni sinergiche**.

A creative ceramic homage to the rich depth of American walnut. Natural beauty and careful experimentation work hand-in-hand to produce a material that is unique in its infinitely varied simplicity, balanced yet visually powerful.

The graphic dynamism is amplified by the chromatic movement of three different tones, all balanced with one another in a way that produces the harmony of a single nuanced colour. Also available in the special Cross finish, exclusively as part of the GCR range _____

Omaggio ceramico creativo all'essenza del noce americano. Naturalità e sperimentazione lavorano insieme per generare un materiale unico, perché semplice ma infinitamente vario, equilibrato ma visivamente così potente.

Il movimento grafico è amplificato dal movimento cromatico di tre differenti toni, bilanciati fra loro in modo da comporre l'armonia di un unico colore sfumato. Anche nella speciale finitura Cross, peculiarità assoluta della gamma GCR _____
